I am inquiring as to whether your circumstances have changed since filing your appeal, and if you still wish to continue with your appeal to hearing.

If at any time since receiving your Notice of Hearing, you decide you DO NOT wish to continue your appeal and choose to withdraw, please sign this letter and return it to the Board of Assessment Appeals. If the Petitioner or Petitioner's representative is not present at the hearing and written notification of your withdrawal is not received prior to the hearing date, the Board will dismiss your appeal at the hearing.

Please notify the DENVER COUNTY BOARD OF EQUALIZATION of the withdrawal of your appeal by sending them a copy of this letter.

If you wish to go forward with hearing, no response is necessary. Thank you for your patience and cooperation in this matter. I had planned to present my objections to the UNIFORM TAX ASSESSMENT on my home, but may be unable to due to medical reasons as indicated on the attached form. Also, the unsigned appraisal prepared by Richard B. Phinney, does not reflect the extent to which adverse conditions affect my home.

PATIENT NAME: Emma Alexander

PROCEDURE DATE: 3/12/04 TIME: 11:00 AM/PM  
\*Please arrive 20 minutes early! ☺

### EXPECTATIONS FOR PROCEDURE DAY:

- In an effort to be fair to all of our patients, the procedure physician will most likely not be seeing you after the procedure. Your follow up appointment with the physician ordering this procedure is the time to share the outcome of the procedure.
  - ✓ DO NOT eat or drink anything for 6 hours prior to the procedure.
  - ✓ Since IV anesthesia will be used to help you relax, you must have a driver to transport you to and from the facility.
  - ✓ DO NOT take NSAIDs (such as: Aspirin, Motrin, Ibuprofen, Aleve, Naprosyn) 72 hours prior to your injection. If you are unsure if you are taking one of these medications, please ask your doctor or a Centeno Clinic staff member.
  - ✓ If you are on prescription blood thinners that don't require blood test monitoring (such as Plavix), then you must stop these a full week prior to the procedure. You should clear this with the doctor that ordered the medication. If you are on any prescription blood thinners that require blood-test monitoring (such as Coumadin or Warfarin) then you must tell a physician at the Centeno Clinic who will need to speak with your doctor before proceeding.
  - ✓ Stagger your pain medication dosage so it is not at it's peak during your visit. One goal of the procedure is to identify whether the procedure made a difference and then evaluate how much difference it made.
- If you have any questions not answered by our staff, printed information brochures are available at check-out. Additional information on these procedures can also be found at [www.spinalinjection.com](http://www.spinalinjection.com).
